Dear Sir

Earlier this year we decided to list our property, in Savoy Rd, with your company.

As other real estate companies in the area had tried, unsuccessfully, to sell the property for us we were expecting a long tedious process.

How wrong we were!

Jenni Finlayson from your office called in and talked us through a marketing campaign and guided us in determining a fair market rate for our house.

Within about 6 weeks Jenni had attracted a number of people to look at the property and she then presented us with a firm agreement, which we accepted.

And we thought it was going to be hard!

Jenni did a marvellous job for us.

She kept in touch with us at all times and after anyone had been through the house she called and discussed what each person had liked/disliked about the property and the likelihood of a sale to them.

In every case her assessment of the buyer was correct, right down to the eventual purchasers.

Jenni was a delight to be with, in this selling process.

She worked hard and we are happy with what she achieved for us.

We certainly would recommend anyone wishing to sell their property that they contact Jenni and have her do the marketing, for them. They will not be disappointed.

We sincerely thank Jenni for what she did for us.

Regards

Vicki & Phil Bull
